

## MENTOR GUIDELINE OVERVIEW

### Hand out number 4

The Mentors will consist of four (4) active nobles for each new noble. Mentors will be provided detailed information about Shrine activities committees, clubs, units, fund raiser projects and the administrative organization of Shrine.

The New Noble will be assigned and contacted immediately when his application is first received and he will be mentored throughout his first year in Shrine.

The Mentors will not be alone – we plan to hold orientations, briefings, group sessions with the New Noble and with his family, plan hospital trips, socials, Unit & Club visits, and any other activity you can think of that will determine his interest and how he best fits into our Shrine family.

The Mentor will promote positive relationships with the Nobility. As mentors you can set the tone of and climate for his acceptance and trust in us. Mentors are introducing the new Noble and his family to his Shrine fraternity – presenting them to those who came before.

Mentors can also be the first to spot a problem if one should arise. You will also be the ones to spot our future leaders.

Our goal is to greet a happy New Noble and his family who will become eager to participate in Ben Ali Shrine.

The Mentor program is designed to be perpetual. The New Noble is mentored for the first year, the second year he becomes the assistant Mentor and then in the third year, he will be the mentor and the second year Noble will be the assistant and so on.

You will be asked to participate. That includes the Ambassadors, Outer Guard, Greeters, activities committee personal and any other Shriner who desires to help.

The very life of Ben Ali just might depend on your participation in this project.

We believe this will be a very satisfying and rewarding experience and guess who will probably get the most out this program? Your right, **YOU THE MENTORS!**
